

No consideration of adverse impacts of investment decisions on sustainability factors

Pursuant to article 4 (1) (b) of the Delegated Regulation (EU) 2019/2088 of the European Parliament and of the Council, of November 27, 2019, on the disclosure of information related to sustainability in the financial services sector ("SFDR"), and article 12 of Commission Delegated Regulation (EU) 2022/1288, of April 6, 2022, on the technical standards to be observed in the disclosure of information provided for in the SFDR, **Plural Markets – Empresa de Investimento, S.A.** ("Plural Markets"), as an investment company that provides investment advisory and portfolio management services, discloses that it does not consider any adverse impacts of its investment decisions on sustainability factors at entity level.

The justification for these factors not being considered in investment decisions is related to the proportionality to the size and nature of the activities carried out by Plural Markets, as well as the limited availability of sufficiently reliable and consistent data for the assessment of such adverse impacts.

However, Plural Markets may provide financial products that promote environmental, social or governance sustainability characteristics, or a combination of these characteristics.

This declaration does not imply that the adverse impacts of investment decisions on sustainability factors will not be considered in due course, meaning that Plural Markets periodically monitors the regulatory framework and best practices regarding the disclosure of information related to sustainability.
